## Online Safety

### Online games

Online games can be a great way for children and young people to keep busy and stay in touch with friends and family, but it's important that they play safely.

Things to consider if your child games online:

- age ratings of games they play
- messaging and contact functions on the games
- in-game purchases
- trolling, griefing and scams
- how to report problems

where they can get further support.

Also, if you have more than one child in your home, be aware that games suitable for one child to play or watch, may not be suitable for another.

#### **What are the risks?**

Children can be bullied for not playing a specific game. They may be deliberately excluded from a game by their friends, or criticised for how they play. Other players may swear or use abusive language over voice chat, and this can be upsetting for your child.

Griefers are gamers who deliberately try to ruin the game for other players. This can also be called trolling. Players may also try to trick or scam young people into giving up 'skins' or other in-game items by offering them money or by hacking their account. Skins are a cosmetic feature that let players personalise their character and in-game items, they can be extremely rare and valuable so losing them can be upsetting for a child.

## Nursery

We are pleased to say that we are taking registration for our nursery for September 2024 so please contact the school and register your children.

Before we even advertise, we have already filled 60 places through word of mouth and through siblings; this is brilliant! We are beginning to plan our provision for next year and the number of teachers we will need in the Nursery. This will be determined by the number of children signed up. If we are over subscribed, places will be given on a first come, first serve basis.

Do not risk missing out and sign up today by contacting the school office.
